TO PROVIDE FLEET OF AIRSHIPS FOR WAR

Banker Ryan's Son Makes Proposition to the Army and Navy Men.

WASHINGTON, D. C., Sept. 22 .-John Barry Ryan, son of Thomas F. Ryan, the New York multi-mil-Honnire, spent today in the war and pavy departments and succeeded in driving the officials into a state of enthusiasm over the proposition to provide the army and navy with a fleet of airships that would augment tremendously the offensive and de

fensive powers of the twin dervices The attractive feature of Ryan's proposition was its economical aid; he did not ask a dollar of govern-ment money in return for the creation of a reserve of about a thou sand aeroplanes that might be called immediately into service by the gov-ernment in time of need. What he did want was the moral support of the two departments. This was

given him with hearty good will. Efforts will be made to develop aeroplanes of greater size than those now in use, so as to transport a cor poral's guard and to carry sufficient ammunition for effective bomb work
